Are You a Resident Interested in Public Art? Are You an Artist Interested in Submitting Proposals for Public Art?

Learn about two major components of Pasadena's Public Art Program at upcoming public meetings

- The City of Pasadena is embarking on a master planning effort to define a new vision, goals and locations for public art. The Public Art Master Plan will complement the city's General Plan.
- Rotating public art is a fun way to experience creativity and an opportunity for artists to exhibit to a
 large, daily audience of residents, workers and visitors. The Rotating Public Art Program involves
 artists and galleries that loan or create works at 10 sites throughout Pasadena for up to 18 months.
 The Request for Proposal will be available at all meetings and will be posted on line.

Both of these important topics will be discussed at upcoming community meetings. Attend any or all of the meetings that are most convenient for you. Your input is important!
