

The General Plan

Why does it matter? What are we doing with it?

What kind of a city are we? What do we want to be?

Seven Guiding Principles

What do we want? What do we need? Are there limits?

General Plan as a whole

Like the constitution: What is important to us?

Required elements and optional elements

How we use it

Land Use Element – What goes where?

Objectives and policies

The map

Development – how much in the future?

Implementation program

Mobility Element – How do we get around?

Objectives and policies

All the modes

Use of the streets

Implementation program

Open Space and Conservation

Objectives and policies

Identification of open space

Implementation program

Other elements: Housing, Safety, Noise, and others

How can we be involved?

GPUAC

Community meetings

Tours and talks

Fall event

Webpage and blog

More to come
