(6) ARTISTIC DOCUMENTATION INDEX AND MATERIALS

Artistic documentation is crucial for evaluating the artistic quality of the applicant and/or project.

- Samples should be recent, of high quality, and as relevant to the application and/or project as possible.
- Label each sample clearly with the name of the applicant and the corresponding work sample letter (A or B) from the Artistic Documentation Index.

Do not submit marketing/promotional materials as artistic documentation. Please see funder's check list for instructions on how to include marketing/promotional materials such as season brochures, flyers, postcards, newsletters, reviews and letters of support.

Preview the artistic documentation before submitting to ensure that there are no technical problems that might interfere with the panel's review of the work. Panelists generally spend no more than three to five minutes on the work sample(s) for each application. Please be aware that the entire sample (not just the selected segment) is considered a part of the application package and may be reviewed.

Specific Instructions for Artistic Documentation:

- Make sure that the letter on the Artistic Documentation Index corresponds to the letter on the sample work itself.
- Each different DVD, CD, publication or CD-ROM should be considered one artistic work sample.
- Applicants may submit up to two artistic documentation samples.

The following are accepted formats for submission:

DVD (Strongly Encouraged for Dance, Multi-Disciplinary, Media, Theatre and Traditional and Folk Art)

- Up to 5 minutes.
- In general for the performing arts, panelists prefer to review substantive artistic excerpts rather than short edited clips with heavy narration.
- List each different DVD as one work sample on the Artistic Documentation Index.
- Include track/chapter information in the Artistic Documentation Index.
- Place selection(s) in priority order.

Audio CD: (Strongly Encouraged for Music)

- Up to 5 minutes.
List each different CD as one work sample on your Artistic Documentation Index.
- Include track information in your Artistic Documentation Index.
- Place your selection(s) in priority order.

Published Material (Strongly Encouraged for Literary & Visual Arts)

- This format is best used for literary publications and museum and gallery catalogues.

Images on CD ROM (Strongly Encouraged for Visual Arts)

- Up to 10 images. Digital files of completed artwork.
- All images must be numbered (1 through 10).
- Digital files must be in JPG format, 300 DPI, 5MB or smaller. This format is best used for exhibition materials.

Visual Support Required:

All applicants in ALL categories are required to submit visual documentation (CD images, DVD, CD-ROM, PowerPoint) regardless of discipline, in addition to any other support documentation (Audio CD, brochure, promotional material, etc). The visual documentation must reflect the type of programming or performance activity for which funding is requested. For example: an application for support of an in-school music program by a performing arts organization must be accompanied by a visual sample of an in-school program, not simply a general audience performance. In addition, audio documentation would be expected. All additional documentation should be of the highest quality and represent the application as favorably as possible.

New Programs: If the proposed project is a pilot program of a new organization, or a new project of an established organization, or by an individual artist educator new to the field, visual documentation is **REQUIRED**. Visual material of related programming may be submitted. Applicants are strongly encouraged to submit exemplary samples of work that most closely resemble the new project. Keep in mind that work samples for new projects or new organizations could be artistic samples of the proposed artists or similar projects conducted by the individuals involved. If any additional visual material **is** submitted the applicant must explain the relationship of the support material to the application, and how it reflects the applicant's **capacity** to produce the proposed project. For example: a teaching organization may submit documentation of a previous school program when requesting support for a pilot in-school program. Further information about video/DVD resources may be available on the City of Pasadena website or by calling (626) 744-7062.

(7) PRINT MATERIALS INDEX

Please provide information on any printed materials accompanying your application up to ten (10) items.

CALIFORNIA CULTURAL DATA PROJECT REPORT

CALIFORNIA CULTURAL DATA PROJECT

The City of Pasadena has partnered with the California Cultural Data Project (CCDP). The CCDP is a state-wide, collaborative effort of public and private funders throughout California and consists of an online system for collecting and standardizing historical financial and organizational data. The City of Pasadena, along with other funders in California, now requires applicants to complete a Cultural Data Profile through the CCDP website (<http://www.caculturaldata.org>).

Participation in the California Cultural Data Project (CCDP) is REQUIRED for all 2012/2013 City of Pasadena Art and Culture I, Art and Culture II, Art and Culture III, Organizational Art Education Partnership, Festival and Parade categories. (A CCDP profile **IS NOT** required for the Individual Artist category or Individual Art Educators applying to the Art Education Partnership category).

The CCDP provides the cultural community with consistent, reliable, comprehensive data on arts and culture in California, enabling organizations to view trends in their data, benchmark themselves against peer organizations, and enhance their organizational capacity and reduce time spent applying for funding. Applicants applying to more than one of the participating funders only need to update their information once each year.

- In order to complete the Cultural Data Profile, organizations must first register at the CCDP website by creating an organizational login ID and password. **Information for the Cultural Data Profile is organized by fiscal year-end and data is only entered for completed fiscal years for which an approved financial audit or review exists.** Organizations that are not audited or reviewed will enter data based on approved year-end financial statements.
- Applicants are asked to provide two years of financial and organizational data the **first time** they complete the Cultural Data Profile. (Going forward, groups will only need to provide one year of data.) You will have access to online training and can get support from the Help Desk during regular business hours.
- **The Cultural Data Profile will collect the financial and programmatic information for your organization or arts program; project budgets and narratives will NOT be captured by the CCDP.**
- Upon completion of the Cultural Data Profile, applicants should go to the “Funder Reports” section of the CCDP website and print the pre-defined report for the 2012/2013 City of Pasadena grant program to which you are applying. Relevant information from the applicant’s Cultural Data Profile will automatically be imported into the 2012/13 City of Pasadena funder report. Please print and review the funder report and include it in your application.
- The completion of the Cultural Data Profile will require an investment of time. A number of resources will be available to help applicants, including a Help Desk and online training.

Applicants should direct questions concerning the Cultural Data Profile to:
