#### CALL FOR VOLUNTEERS

We have an immediate need for a District 7 Representative to serve on the Accessibility/Disability Commission. If you are interested, please fill out an application as soon as possible. If you might be interested serving on other commissions in the future, I will gladly take an application now and call on you at a later date as openings arise.

#### **CRIME**

Unhappily, residential burglaries are increasing in our neighborhood and citywide. This is related both to the economy and the season. For up to date information you can go to the Crime Statistics link to the left. Most importantly, the Police Department urges everyone to use common sense; don't leave packages in your car; lock your doors; if you have a burglar alarm – use it and most important, call the Police non-emergency number, (626) 744-4501 if you see someone in your neighborhood who seems not to belong.

Again – Happy Holidays.
