Moved by Director Thomson,

"That the Board accept the resignation of Mr. James H. Cheney with regret as member on the Blue Ribbon Committee on Affordable Housing, Communication No. 54369; City Clerk to post vacancy per the Maddy Act.

Motion duly seconded and carried by the following vote:

AYES: Directors Acker, Bogaard, Glickman, Heckman, Hughston, Thomson

NOES: None

ABSENT: Director Crowley

Director Thomson reviewed City Manager Report No. 24941, Arroyo Seco Ordinance, and stated this revised ordinance only applies to public owned lands within the Arroyo. Staff is recommending that the definition of Native Plant be amended to allow more flexibility in what plants could be considered as "native". The other change suggested by staff related to Parking (b.4, p.9), priority No. 2 - alternative parking outside Arroyo Seco with transportation to Rose Bowl be removed from the priority order of use list and placed as subsection b. Another change noted on page 9, 4.c., the word "other" be deleted on the first line.

The City Manager advised of his concern about the "Administrative" section at the bottom of Page 8 stating all contracts for use of the Rose Bowl which anticipate an attendance of over 20,000 people must be presented to the Parks and Recreation Commission prior to submittal to the Board of Directors. The Attorney should be providing a standard form of contract which would satisfy any concerns the Board might have about conditions of the contract. It would be very time consuming and would mean some of these contracts would be negotiated in public.

TO: The Honorable Board of Directors  
FROM: Walter L. Benedict, Chairman  
Pasadena Redistricting Committee

Ladies and Gentlemen:

The Redistricting Committee began its assignment on November 16, 1981. The Committee has been very deliberate in all its discussions, which included two well attended public hearings, with input from many of those attending.

The first public hearing was for input on the criteria to be used in drawing the seven City Districts, and the second hearing was for input on three proposals for redrawing the City's District lines.

The Committee, working with the Rose Institute as consultants, developed the following criteria as the basis for drawing district boundaries. There were:

- Districts be as nearly equal in population as practicable within +/- two percent.
- Retention of "communities of interest".
- Avoidance of major changes in current district lines.
- Cohesiveness, contiguity and compactness of districts.
- Respect residence of incumbents.
- Recognize topographical and geographical boundaries also primary business streets.
- Make division along census block lines, not splitting any blocks.
- To not dilute the voting strengths of racial minorities.

The Committee in all its deliberations met with a spirit of harmony, respect and unity. After closing the public hearing portion of the last meeting of March 8, 1982, the Committee approved by a
