Subject: NFL at the Rose Bowl

I am opposed to playing NFL games at the Rose Bowl, due to the negative impact it will have on the many families that use the Rose Bowl on weekends for recreation (swimming, tennis, soccer, baseball, etc.).

## Response 32-1

The Draft EIR acknowledges the significant and unavoidable impact on recreation caused by limiting the use of the Central Arroyo on event days. The comment concerns the overall merits of the proposed project. The comment will be included as part of the record and made available to the decision makers prior to a final decision on the proposed project.
