What is the Rose Bowl?

My wife and I live near the RB along the Arroyo Hillside. So what's all the fuss about utilizing this resource as an Income Stream for the City? The RB is NOT just an Architectural Edifice to be admired. There are the occasional inconveniences to Arroyo Neighborhoods, but so what! This can also be said of the monthly Swap Meet or is it just because that 'nasty' NFL would be allowed to pay 13 games at the RB until the new Stadium in L.A. is built. So it is only a temporary Home Field? Ahh those 'Nasty NFL Fans', are they more objectionable than UCLA Fans? We all chose to live along the Arroyo and as far as we are concerned the activities in the RB stimulate Life. So Dear Neighbors PLEASE STOP your MOANING!
