**Subject:** No way

The amount of traffic, congestion and noise is already out of control when there are games or events at the Rose Bowl. This stadium was not designed to accommodate the pro bowl teams. All facilities such as kids space are shut down when there is an event at the Bowl. People with kids count on the use of Kids space on the weekends as a way to bond with their children, which is priceless since most facility's now have 2 working parents. Weekends are the only time they get to do something local as a family affair.

The golf course is usually in shambles when there is a game or event at the bowl. With the added prospect you might as well just shut down both courses and make the place an amusement park Sent from my iPad
