Subject: Opposition to change in Arroyo Public Lands use Ordinance, and NFL at RoseBowl

Dear David,

I am a Pasadena resident living at 596 Rosemont and also work in Pasadena at Caltech (since 1999), having just moved to the Rosemont location this past year. I just yesterday learned of the proposed change to the Arroyo Public Lands Use Ordinance to allow an additional 13 displacement events per year, initially to accommodate the NFL on a temporary basis.

I am shocked that no literature was provided to area residents up until this time (at least no one in the Prospect Park area seemed aware until an e-mail circulated yesterday). How can we not have been made highly aware of such a proposal that would so dramatically impact our lives?

I am completely opposed to this change, which I trust represents my neighbors too, and would like to know where this process stands, and by what mechanism Pasadena residents can weigh in on the consideration at this time, especially those of us that will shoulder all of the burden such a change would dictate.
