Subject: RE: Rose Bowl Stadium - City of Pasadena - DEIR - Due to LDD: 09/10/12

Thank you for the opportunity to review the Draft Environmental Impact Report for Temporary Use of the Rose Bowl Stadium by the National Football League project. The project is to allow an additional 13 annual displacement events at the Rose Bowl Stadium for a period of up to 5 years. The project area is located at 1001 Rose Bowl Drive within the jurisdiction of Pasadena.

The following are County of Los Angeles, Department of Public Works comments are for your consideration and relate to the environmental document only:

## **Services-Traffic/Access**

- 1. We generally agree with the Draft Environmental Impact Report's proposed measure for controlling departure traffic after an event at the intersection of North Arroyo Boulevard at I-210 Freeway Westbound Ramps by placing the intersection in flash mode and manually controlling signal operations with a traffic control officer.
- We also suggest the City of Pasadena contact us regarding the development of coordinated traffic signal operations and traveler information systems which could be implemented and monitored via the traffic management centers operated by each agency. We believe the implementation of predetermined traffic response plans for event management may potentially eliminate the need for manual control using a traffic control officer.

If you have any questions regarding the traffic/access comments, please contact Isaac Wong at (626) 300-4796 or <a href="mailto:iswong@dpw.lacounty.gov">iswong@dpw.lacounty.gov</a>.

If you have any other questions or require additional information, please contact Ruben Cruz at (626) 458-4921 or <a href="mailto:rcruz@dpw.lacounty.gov">rcruz@dpw.lacounty.gov</a>.

## Letter No. 66: Los Angeles County of Public Works

Ruben Cruz, P.E.
County of Los Angeles,
Department of Public Works
Land Development Division
Subdivision Management Section
rcruz@dpw.lacounty.gov

## Response 66-1

The comments are noted and are hereby part of the Final EIR. To facilitate event day traffic flow, City of Pasadena's traffic management center (TMC)'s staff will coordinate with Los Angeles County's Depart of Public Works' Traffic Division regarding traffic signal operations and special event traffic response plan.

## Response 66-2

Refer to **Response 65-1**.
